

## Save time with organized tools.

### Why use custom shelving?

- Quick and easy way to improve productivity and reduce clutter.
- Protects tools. Available for 5C, BT-30, CAT-40, and more.
- Fits standard 13" rail systems. Optional mounting kit available.
- Heavy duty shelves have 40 lb capacity. Rails can hold up to 4 shelves

*Wasting time and money looking for or losing tools? A common problem on factory floors is tool or productivity loss due to a disorganized work space. Custom shelving from Inauvate Work Solutions help keep your tools organized. This easy to install system can de-clutter work areas in less than fifteen minutes.*

Work station shelves from Inauvate fit into existing 13" machine tool rail mount systems and are designed to organize 5C, BT-30, CAT-40, and hand tools. Made from 16 gage steel with custom sized plastic inserts for proper tool fit and protection from damage, shelves can be moved from one machine to another without disassembly and make great set-up trays. Each shelf is capable of holding up to 40 lbs and is durable enough to withstand harsh manufacturing environments. Tool clutter can be virtually eliminated and productivity increased when using these shelves.

For users without rail mounts or those with extra tool storage needs we have designed a complete custom mounting system that can be set on any 14 gage steel structure. The system consists of two rails, mounting hardware, and your choice of two, three or four shelves. Each rail is 36" long and together they can hold up to a combined 160lbs on four shelves.

**Work space clutter can cause tool and productivity loss.**

**Tool clutter eliminated and productivity increased when using these shelves.**

## Product specifications

### SHELVES

Part Number	WS-20	WS-15	WS-10
Tool Type	5C, BT-30	CAT-40	Hand-Tools
Shelf Dimensions	13" x 5"	13" x 7"	13" x 5 3/8"
Shelf Weight	1 1/4 lbs	1 3/4 lbs	1 1/2 lbs
Shelf Max Load	40 lbs	40 lbs	40 lbs
Shelf Max Tool Capacity	10	8	NA
Shelf Material Thickness	16 gage	16 gage	16 gage

### OPTIONAL RAILS

Rail Length	36"
Rail Weight	3/4 lbs
Rail Max Load	160 lbs
Rail Shelf Capacity	4 shelves

*Inauvate Work Solutions offers tools for manufacturers that reduce costs and increase productivity, and contribute to a better environment. A brainchild of Ruland Manufacturing Co., Inc., Inauvate was founded to share products developed to improve operations on the Ruland factory floor. We have found that a common sense approach to workplace organization and decreasing waste contribute as much to profitability, product quality, and the environment as does the use of modern machine tool technology. This has helped Ruland to thrive while continuing to manufacture all of its products in a "high cost" location with strict environmental standards.*
